Dear Mr. Deburle:

The Pre-Startup Safety Review (PSSR) of the Mobile Mercury Transfer System (MMTS) is scheduled for October 22-23, 2014. This information is being provided in advance to afford you the opportunity to review the PSSR.

As you noted in your letter to LTC. Gibbons dated August 21, 2014; NDEP must review and assess the PSSR Program prior to conducting the PSSR. The signed CAPP PSSR document SOC QP.EMS.HG0008 is enclosed for you review and assessment.

Should you have any questions, please contact Jason Boynton at (703)921-2197 or you may contact him by email at jason.Boynton@dla.mil or you may contact Chuck king at (775)945-7317 or you may contact him by email at Charles.r.king104.civ@mail.mil

Sincerely,

Kirk L. Bausman,
Deputy to the Commander
